

Chelsea Open Air SEN Offer

Who are the best people to talk to at Chelsea Open Air about my child's difficulties with learning, special educational needs or disability?

Talk to your child's keyworker about your concerns. It is likely that the keyworker will have discussed your concerns with Talia Robinson the SENco. You may wish to arrange a meeting with the SENco. If you continue to have concerns arrange to discuss these with Julie Coackley the Head of Centre.

How will the school let me know if they have any concerns about my child's learning, special educational needs or disability?

Your child's keyworker may initially speak to you at the beginning or the end of a normal school day and arrange a further time to discuss the concerns. The keyworker may also talk to you about any issues at a parent/keyworker consultation meeting. The SENco may contact you and arrange a meeting to discuss your child's difficulties with learning and any possible support strategies the school might be considering.

How will the school consider my views and those of my child with regard to her/his difficulties with learning, special educational needs or disabilities?

At Chelsea Open Air we believe it is very important for parents/carers to be involved in all areas of their child's learning and we actively encourage discussions. We believe, where appropriate, that it is essential to understand your child's views on any difficulties they may experience with their learning. You will be able to share your views and discuss your child's progress at regular meetings with the keyworker and others. If your child has an identified special educational need you will be invited to a termly meeting with the keyworker and SENco to discuss current progress, support strategies being used and expected outcomes. If your child has a *Statement* of special educational need or an *Education, Health and Care plan* (EHCP) you and your child will be able to share your views at the Annual Review.

How does Chelsea Open Air ensure the teaching staff are appropriately trained to support my child's special educational needs and/or disability?

At Chelsea Open Air we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teacher. We regularly review the school training schedule and professional development for all teaching and support staff to ensure there is the appropriate expertise to support children with special educational needs. The school is able to access training programmes from different organisations including the Tri-borough Training and Outreach team based at QE2 School.

How will the curriculum and the school environment be matched to my child's needs?

At Chelsea Open Air we believe that your child's learning needs will first be met through the high quality teaching delivered by her/his class teacher. We carefully plan our curriculum to match the age, ability and needs of all children. *Through* differentiation we will adapt lesson planning and teaching to match your child's special educational needs and/or disability. It may be appropriate to adopt different strategies or resources and adapt outcomes to meet your child's learning needs. Additional specialist advice is sought when appropriate and, when necessary, accessibility aids and technology may be used to support your child's learning. Chelsea Open Air regularly reviews its Accessibility Plan to ensure that all children have the fullest access to the curriculum and the school site as possible.

What types of support may be suitable and available for my child?

This really depends upon the nature of your child's needs and difficulties with learning. But our education provisions will match the needs of the four broad areas of need as defined in the SEN Code of Practice 2014;

- **Communication and interaction**
- **Cognition and Learning**
- **Social, emotional and mental health**
- **Sensory and/or physical needs**

At Chelsea Open Air we have a 3 tiered approach to supporting a child's learning.

Universal – this is the quality first teaching your child will receive from her/his class teacher and may include some very minor adaptations to match learning needs.

Targeted - it may be appropriate to consider making additional short term special educational provision to remove or reduce any obstacles to your child's learning. This takes the form of a graduated four part approach of a) **assessing** your child's needs, b) **planning** the most effective and appropriate intervention, c) **providing** this intervention and d) **reviewing** the impact on your child's progress towards individual learning outcomes.

- Specific targeted one to one or small group interventions may be run outside the classroom. These will be limited to a number of weeks to minimise disruption to the regular curriculum. You will be kept informed of your child's progress towards learning outcomes.

Specialist – it may be necessary to seek specialist advice and regular long term support from a specialist professional outside the school in order to plan for the best possible learning outcomes for your child. This may include educational psychology, speech and language therapy, occupational therapy, sensory advisory teachers and the child development service. The school may need to prioritise referrals to these services. However, for a very small number of pupils access to these specialists may be through a Statement of SEN or an EHC Plan.

The current interventions provided by Chelsea Open Air include:

- ✓ Language Groups
- ✓ Forest School
- ✓ Philosophy Groups
- ✓ Nurture Groups
- ✓ Purple Story
- ✓ Sensory Play Space

- ✓
- ✓ ICT including I-Pads
- ✓ Box Books
- ✓ Portage
- ✓ Triple P Parenting Support

Through our Children's Centre provision we also use the Mini Outcomes Star to support families in a holistic way. We also have a number of support guides for parents, including Bilingual Learner, Patterns in Play, Engaging Boys.

Our provision is child led and the support provided for families is bespoke to meet individual needs.

How will you support my child to reach his/her learning outcomes?

The keyworker and other staff working with your child ensure that your child receives appropriate teaching and support in order to reach these goals. The learning plan, strategies and progress will be reviewed termly. External agencies and specialists may also review your child's progress and adapt their planning accordingly.

What is an EHC Plan and who can request one for one for my child?

The purpose of an EHC Plan is to make special education provision to meet the special educational needs of a child or young person, to secure improved outcomes for him/her across education, health and social care and, as he/her gets older, prepare for adulthood. An EHC Plan will contain;

- the views and aspirations of you and your child,
- a full description of his/her special educational needs and any health and social care needs,
- establish outcomes for your child's progress,

- specify the provision required and how education, health and social care will work together to meet your child's needs and support the achievement of the agreed outcomes

You and/or the school, usually the SENco or Head of Centre, can request that the local authority conduct an assessment of your child's needs. This may lead to an EHC Plan.

How will you help me to support my child's learning?

There may be suggested strategies or activities for you to do at home to support your child's learning. We sometimes run parent/carer workshops to help you understand the strategies used in school. In addition, we may be able to offer you individual training in specific support strategies relevant to your child. The SENco may also support you with strategies, resources and ideas for supporting your child's learning at home. You may have an opportunity to meet with other professionals involved in supporting your child.

How is support allocated to children and how do they move between the different levels of support in school?

Chelsea Open Air receives funding from the Education Funding Agency and/or the local authority. These funds include money to support the learning of children with SEN and/or disabilities. The Head of Centre, in consultation with the School Governing Body, decides the budget for SEN provision on the basis of the needs of the children in the school.

The Head of Centre and the SENco discuss the effectiveness of the school's current interventions and provisions and prioritise an action plan, which may include additional or alternative interventions, staff training and equipment needs. This process is

reviewed regularly to ensure the best possible intervention is provided to those children who require additional support to learn.

How will the school know that the support has made a difference to my child's learning and how can I and my child be included in this review process?

Your child's progress will be assessed both in terms of his/her regular learning within the class and with regard to specific intervention programmes. The impact of the support given is carefully measured to ensure that the learning outcomes have been achieved and if not, what adaptations are necessary. It may be decided that a further period of support would be beneficial for your child. You and your child will be kept informed and encouraged to be actively involved at all stages of this support.

What support will there be for my child's happiness and well-being at Chelsea Open Air?

At Chelsea Open Air we believe that the happiness and well-being of all our pupils is paramount. All members of staff take this aspect of school life very seriously. You can be confident that in particular your child's keyworker, the learning partners, the SENco are available to provide support to match your child's needs. You should also feel free to contact your child's keyworker if you have any concerns.

How is my child included in all the same activities as his/her peers at school?

Chelsea Open Air is an inclusive school and committed to providing equal opportunities for all children. School clubs, educational visits and residential trips are available to all children. When necessary the school will make reasonable adjustments to ensure that children with SEN and/or disabilities are included in all activities. You should

also feel free to contact your child's keyworker if you have any concerns.

How will Chelsea Open Air support my child in transition stages?

We liaise closely with the school or nursery your child is transferring from. We are able to discuss with the relevant teachers any individual needs and how best to support your child in school. While at Chelsea Open Air we take care to ensure that during transition points all staff are aware of individual pupils needs, learning progress and best support strategies. Chelsea Open Air makes arrangements to ensure there is a smooth transition when your child transfers to his/her primary school of choice. If your child has an EHC Plan, we will participate and/or facilitate its review in sufficient time prior to him/her moving between key phases of education. You will be kept informed of these arrangements and asked to attend the reviews.

Who can I contact if I have a complaint about the SEN provision made for my child?

Initially speak with your keyworker and the SENCo. Hopefully they will be able to address your concerns. You can then contact the Head of Centre, who may direct you to the school's Complaints Policy and procedure, available to read at: www.chelseaopenairnursery.co.uk.

If I have any other questions about my child at Chelsea Open Air, who can I ask?

At Chelsea Open Air we are very happy to speak to you about any aspects of your child's education. It is best to speak to one of the following in this order;

- Your child's Keyworker
- The SENco
- The Head of Centre
